

CIRCA Colloquium Series 2019

CENTRE FOR INTERDISCIPLINARY RESEARCH
AND COLLABORATION IN AUTISM

www.circa.educ.ubc.ca

Teaching STEM (including Coding and Robotics) to Students with ASD

Date: February 5, 2019

Time: 2:30-4:00 p.m.

Location: Room 278 Scarfe (Library block)

This presentation will articulate the rationale for including students with autism spectrum disorder (ASD) in STEM (science, technology, engineering, and mathematics) curricula and contexts. Dr. Knight will focus on her innovative research in this area to support this rationale, especially in the areas of coding and robotics. In addition, she will discuss methods she has used internationally to train professionals to promote content-based learning for all students in the classroom.

**Light refreshments will be provided. No RSVP Required.*

Vicki Knight

Assistant Professor,
Department of Educational & Counseling
Psychology and Special Education
